Attachments: Chemours Communications Plan April 2018-V2.docx

FYI- not sure if this version was shared with you. The very last "A" in the Qs & As is about the TSCA order. I think this is how the Q&A came together after discussions with HQ and, hopefully, your Office. I suggested Joan work through the TSCA program for the best way to address a question about TSCA.

Subject: Chemours Update

We rec'd HQ feedback on our Chemours rollout plan – and incorporated their few edits. We needed to send it back to HQ – it needs to be approved by OW, ORD and OPA. (Susan Bodine has provided her input.) HQ is hoping to get the approvals today so we can roll out the announcement tomorrow. Until we hear back – we're holding. Attached is the latest version – we will keep you posted...
Thanks.
joan
